

Géométrie

GEOM.....

Les solides (1) le cube et le pavé droit

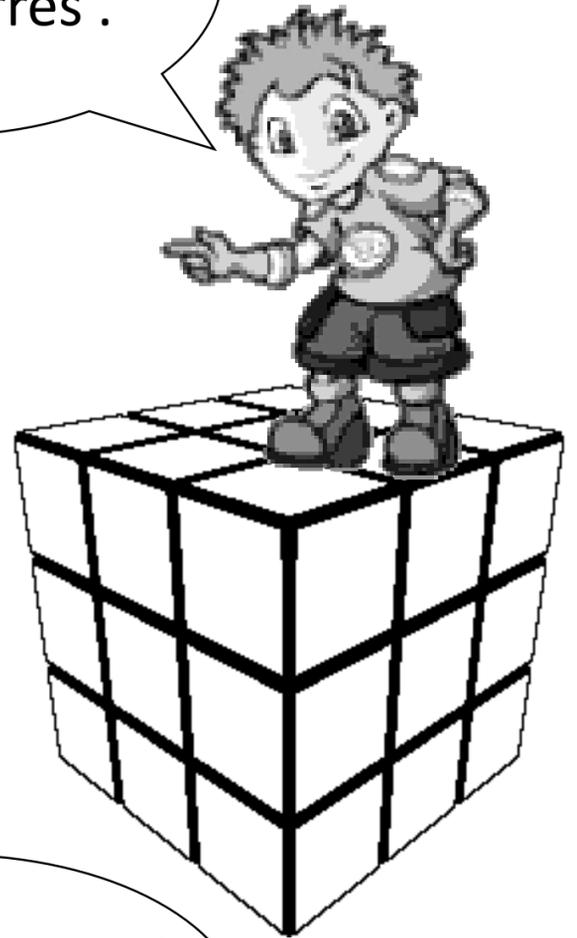

Les faces d'un cube sont des carrés .

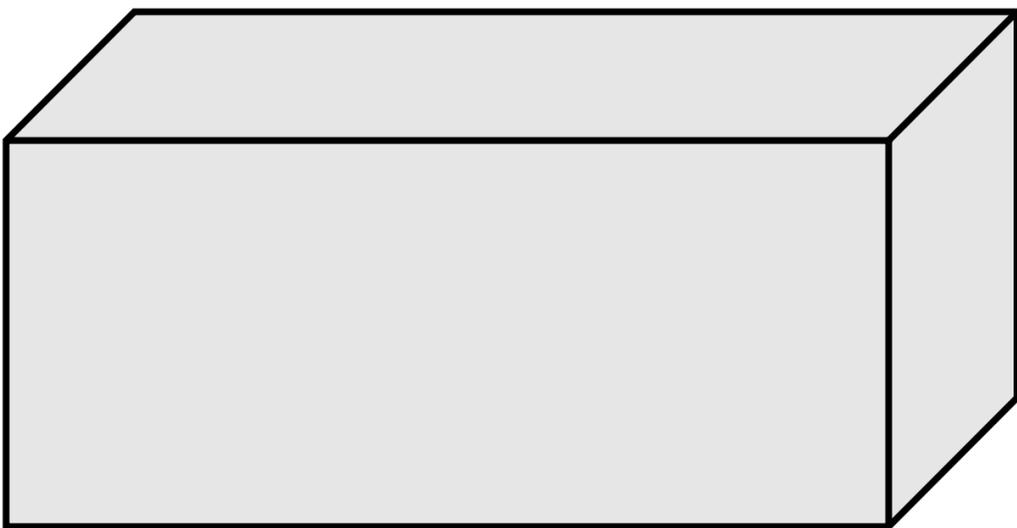

une arête

une face

un sommet

Les faces d'un pavé sont des rectangles .

A quel solide te font penser les objets suivants ?

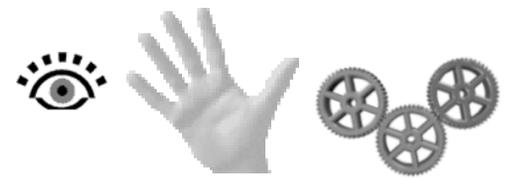

Géométrie

GEOM.....

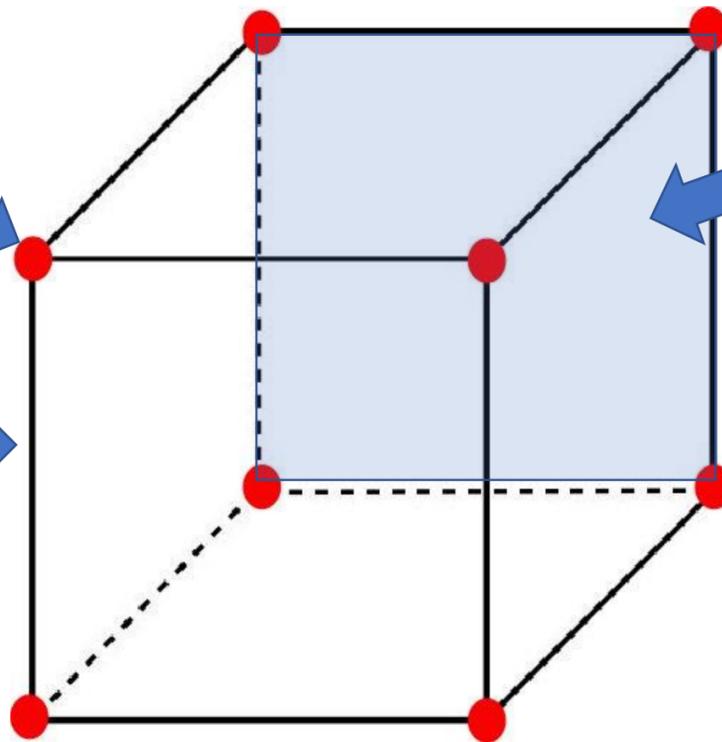

Les solides : le cube et le pavé droit

sommet

face

arête

CUBE

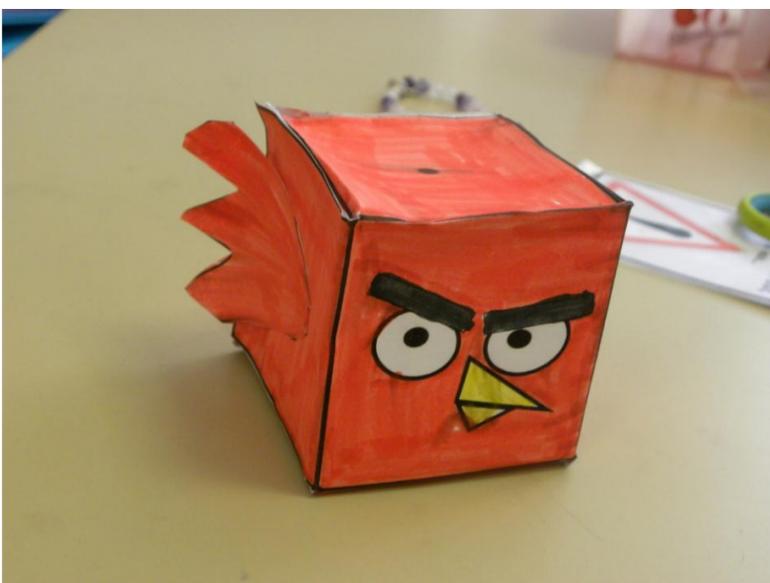

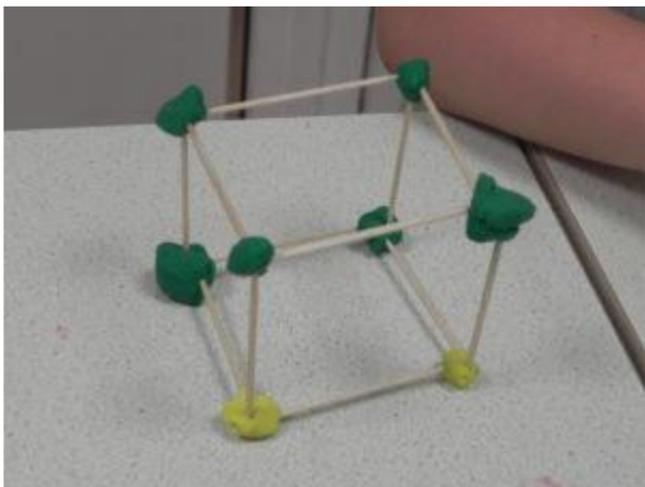

6 faces carrées
8 sommets
12 arêtes

PAVE DROIT

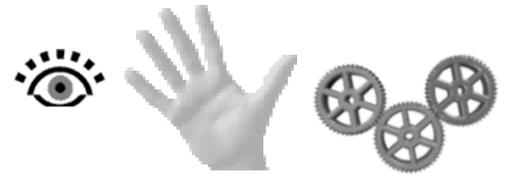

6 faces rectangulaires
8 sommets
12 arêtes

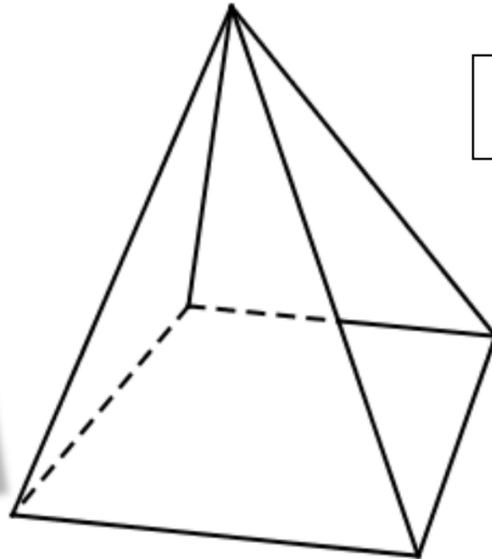

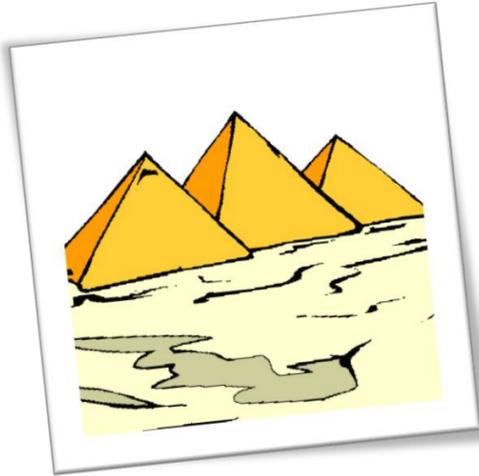

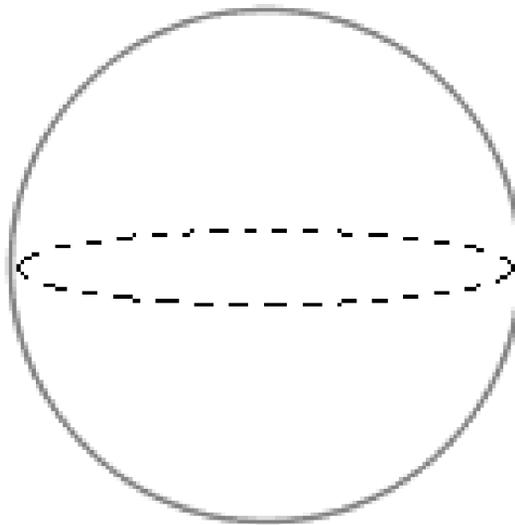

Les solides (2)

Cherche ceux qui peuvent rouler .

une pyramide

une sphère

un cylindre

Un cône
